Last barbecue on the beach and relax.

Day 14

Departure from Caleta Borracho and sailing along the Beagle Channel to Puerto Williams, to spend the night at Micalvi.

Day 15

Disembarking from the boat during the day

Of course, this program may change depending on weather conditions; in particular the passage of Cape Horn will only be done if conditions allow it.

Your safety remains our priority and the itinerary remains at the initiative of your captain.

If passing Cape Horn cannot be done, we will stay in the channels (which are the most spectacular part) which will allow us to make other equally beautiful anchorages.
